**District 1 Council Vacancy to be filled in November Election**

The Centennial City Council on Monday, August 17 accepted the resignation of District 1 City Council Member Betty Ann Hamilton and set a special election on November 3, 2009 to fill the vacancy. Hamilton e-mailed her resignation to City Council on Saturday saying she had moved out of District 1 and could no longer serve. Her term on Council has more than two years remaining.

After considering several options, the City Council agreed to send the election to voters using the same mail ballot as the regular City election on November 3. The winning candidate will serve out the remainder of Hamilton's term.

City Council Candidates seeking office in the November 3 election have until August 24 (next Monday) to submit petitions of at least 25 signatures of eligible voters from their respective districts. The same deadline is in effect for this new vacancy.

Centennial's Council has two representatives from each of four districts. Normally, one seat in each district is subject to election this year. In District 1, Council Member Rick Dindinger is running for a second term. The new vacancy will mean that both District 1 seats will be on the November ballot.

Election packets, including special petitions for the District 1 vacancy, are available from the Deputy City Clerk Brenda Madison at the Civic Center, 13133 East Arapahoe Road. For more information, call the Clerk's Office at 303-754-3302.

##### **Centennial Mounts New Street Signs**

Centennial installed new street signs at University Blvd. and Arapahoe Road on August 14. The City's new signs are made of blue reflective material and are larger than the previous signs. New federal standards for street signs require Centennial to replace all its street signs over time. The City Council decided to go with the blue signs instead of the usual green signs. All signs will have the City Logo.
